Scotch-Brite™ Ref 100

Scotch-Brite™ Ref 100 Synthetic Chamois Cloth is a boilable wiping cloth made from a cotton net, coated on both sides with a thin polyurethane layer.

The product is designed for drying and damp cleaning of delicate and shiny surfaces.

- ◆ Use for routine maintenance of a variety of washable and delicate surfaces like glass, mirrors, windows, plastic laminates, stainless steel, chrome, aluminium, ceramic, enamel...
- ◆ Use damp with all current cleaning chemicals.

Scotch-Brite™ Ref 300

Scotch-Brite™ Ref 300 Hygienic Multipurpose Cleaning Cloth is a high quality wiping material made from viscose, coated on both sides with a thin polyurethane layer.

The product is particularly designed to meet requirements for colour range and ability to resist in industrial washing equipments.

- ◆ Use for the routine maintenance of a variety of washable surfaces including glasses, mirror, windows, plastic laminates, stainless steel, chrome, aluminium, stratified, ceramic, enamel...
- ◆ Use with common cleaning chemicals.
- ◆ Available in 4 colours

Scotch-Brite™ Ref 1100

Scotch-Brite™ Ref 1100 Special Synthetic Cleaning Cloth is a high quality perforated wiping material made from a blend of polyvinyl-alcohol and viscose fibers coagulated with polyurethane.

It is particularly adapted for the professional cleaning market.

- ◆ Use for the routine maintenance of a variety of washable surfaces including glass, mirror, windows, plastic laminates, stainless steel, chrome, aluminium, ceramic, enamel...
- ◆ Use with common cleaning chemicals.

Scotch-Brite™

A wide range of wiping cloth for differentiated uses

Scotch-Brite™ Ref 2010

Scotch-Brite™ Ref 2010 High Performance Microfiber Cloth is a high quality and high durable knitted microfiber wipe to be used where high quality cleaning operations are requested.

It provides good results in all cleaning jobs. It picks up and traps moisture, grease, fingerprints, dust and dirt particles from all common surfaces.

- ◆ Can be used on all common cleaning surfaces, even delicate ones, including stainless steel, chromes, enamel, screens, mirrors, windows, plastic, marble, furniture ...
- ◆ In kitchen, bathrooms, sanitary areas, offices, hospitals ...
- ◆ Available in 5 colours.

With Scotch-Brite™ High Performance Wipe, ribbon-like fibers lift and trap particles and oils from the surface, providing the most effective pick up with every pass.

Scotch-Brite™ Ref 2020

Scotch-Brite™ Ref 2020 Dual Performance Microfiber is a knitted cloth made with a combination of hydrophilic and lipophilic microfibers.

The asymmetrical structure of the cloth allows two different usages: A scrubby side to remove tough dirt, and a smooth side to remove efficiently dust, dirt, fingerprints, grease and moisture.

- ◆ For dry or damp usage, with or without chemicals.
- ◆ A multipurpose cleaning cloth which can be used for all kinds of cleaning jobs, on all common surfaces: wood, laminate, stainless steel, ceramic, chrome...
- ◆ This product is recommended for office, food service, or industrial applications.
- ◆ Available in 4 colours.

Scotch-Brite™ Ref 2060

Scotch-Brite™ Ref 2060 Microfiber Wipe Fast Shine is a non-woven wiping material, made of high quality synthetic microfibers.

The product is designed as a semi-disposable cleaning cloth to be used for cleaning smooth and shiny surfaces.

- ◆ Used for routine cleaning of all surfaces, including delicate ones such as mirror, glass, crystal, ceramic, stone, stainless steel, chrome, brass, aluminum, plastic...
- ◆ The wipe can be used dry or damp, with or without cleaning chemicals.
- ◆ Really efficient for dust pick-up.
- ◆ Provides excellent finishing of all shiny surfaces when used slightly damp
- ◆ Microfiber structure and wipe thickness to assure higher absorption, longer durability and good resistance to washes
- ◆ Available in 4 colours

Scotch-Brite™ Ref 2030

Scotch-Brite™ Ref 2030 Microfiber Multipurpose Cloth is a knitted cloth made with microfibers.

The product is designed to absorb separately or together dust, dirt, fingerprints, grease and moisture.

- ◆ Use it dry or damp on painted metal, stainless steel, aluminium, rubber surfaces
- ◆ It is recommended for bar, restaurant and kitchen areas
- ◆ Use it slightly damp on wooden, ceramic, chrome or plastic surfaces
- ◆ Can be used with cleaning chemicals.
- ◆ Available in 4 colours

Scotch-Brite™ Ref 2070

Scotch-Brite™ Ref 2070 Kitchen Cloth is made with unique microfibers and is especially designed for use in the kitchen area. The product is dedicated either to be used damp or wet to remove and clean greasy and oily stains, or dry to absorb liquids.

- ◆ For all over the kitchen: sink, kitchen fan, kitchen cabinets, countertops, kitchen table.
- ◆ Can be used on all kinds of surfaces: varnished or resin coated wood, formica, enamel, stainless, steel, ceramic tiles, marble, vitroceramic, and more...

Scotch-Brite™ Ref 3020

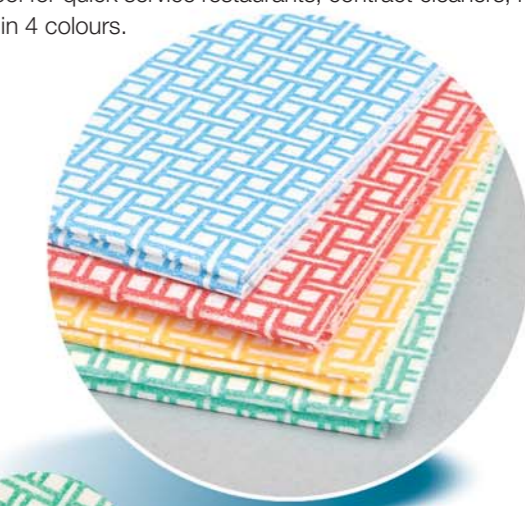

Scotch-Brite™ Ref 3020 Clean and Wipe Cloth is a general purpose, every day cleaning microfiber wipe. It provides good results on all cleaning jobs. It picks up and traps liquids, grease, fingerprints, dust and dirt particles from all common surfaces. This product is designed to absorb separately or together dust, dirt, fingerprints, grease and moisture.

The polyurethane coating leads to very high water absorbency and a low drag.

A multipurpose cleaning cloth which can be used for all kinds of cleaning jobs, on most common, water resistant surfaces.

Typically ideal as:

- ◆ An accessory tool for window cleaning applications.
- ◆ A hand wipe for disinfecting applications in Health Care.
- ◆ A good tool for quick service restaurants, contract cleaners, hospitals...
- ◆ Available in 4 colours.

Scotch-Brite™ Ref 13

Scotch-Brite™ Ref 13 Multipurpose Cloth is a non woven wipe designed for damp or wet cleaning of common surfaces.

This product is economic and has good wiping properties. Really resistant, it will last long.

- ◆ Adapted for collectivities, contract cleaners.
- ◆ Resists autoclave, especially for hospital maintenance.
- ◆ Use for the routine maintenance of a variety of surfaces including glass, mirror, windows, plastic laminates, stainless steel, chrome, aluminium, ceramic, enamel...
- ◆ The wipe can be used with all current cleaning chemicals.
- ◆ Available in 4 colours
